University of Louisiana at Lafayette students are responsible for knowing the information, policies and procedures outlined in this document. The University of Louisiana at Lafayette reserves the right to make changes to this code as necessary and once those changes are posted online, they are in effect. Students are encouraged to check online at <http://studentaffairs.louisiana.edu/student-conduct/code-student-conduct-and-appeal-procedures#sanctions> regularly for the updated versions of all policies and procedures.

SECTION 1: PHILOSOPHY STATEMENT

The University of Louisiana at Lafayette community is committed to fostering a campus environment that is conducive to academic inquiry, a productive campus life and thoughtful study and discourse. The student conduct program within the Office of Student Rights and Responsibilities is committed to an educational and developmental process that balances the interests of individual students with the interests of the University community.

A community exists on the basis of shared values and principles. At the University of Louisiana at Lafayette, student members of the community are expected to uphold and abide by certain standards of conduct that form the basis of the *Code of Student Conduct*. These standards are embodied within a set of core values that include integrity, equity, respect, and collaboration.

Each member of the University community bears responsibility for their conduct and to assume reasonable responsibility for the behavior of others. When members of the community fail to exemplify these values by engaging in violation of the rules below, campus conduct proceedings are used to assert and uphold the *Code of Student Conduct*.

The student conduct process at the University is not intended to punish students; rather, it exists to protect the interests of the community and to challenge those whose behavior is not in accordance with our policies. Sanctions are intended to challenge students' moral and ethical decision-making and to help them bring their behavior into accord with our community expectations. When a student is unable to conform their behavior to community expectations, the student conduct process may determine that the student should no longer share in the privilege of participating in this community.

Students should be aware that the student conduct process is quite different from criminal and civil court proceedings. Procedures and rights in student conduct procedures are conducted with fairness to all, but do not include the same protections of due process afforded by the courts. Due process, as defined within these procedures, assures written notice and a hearing before an objective decision-maker. No student will be found in violation of University policy without information showing that it is more likely than not that a policy violation occurred and any sanctions will be proportionate to the severity of the violation and to the cumulative conduct history of the student.

SECTION 2: JURISDICTION

Students at the University of Louisiana at Lafayette are provided a copy of the *Code of Student Conduct* annually in the form of the following link on the University's

website <http://studentaffairs.louisiana.edu/student-conduct/code-student-conduct-and-appeal-procedures#sanctions>. Students are responsible for having read and abiding by the provisions of the *Code of Student Conduct*.

A. Application of the Code

The *Code of Student Conduct* and the student conduct process apply to the conduct of individual students, both undergraduate and graduate, and all University affiliated student organizations. For the purposes of student conduct, the University considers an individual to be a student when an offer of admission has been extended and thereafter as long as the student has a continuing educational interest in the University.

B. Enrollment Status

The University retains conduct jurisdiction over students who choose to take a leave of absence, withdraw or have graduated for any misconduct that occurred prior to the leave, withdrawal or graduation. If sanctioned, a hold may be placed on the student's ability to re-enroll and/or obtain official transcripts and/or graduate and all sanctions must be satisfied prior to re-enrollment eligibility. In the event of serious misconduct committed while still enrolled but reported after the accused student has graduated, the University may invoke these procedures and should the former student be found responsible, the University may revoke that student's degree.

C. Purview

The *Code of Student Conduct* applies to behaviors that take place on the campus, at University-sponsored events and may also apply off-campus when the Dean of Students or designee determines that the off-campus conduct affects a substantial University interest. A substantial University interest is defined to include:

- Any situation where it appears that the student's conduct may present a danger or threat to the health or safety of him/herself or others; and/or
- Any situation that significantly impinges upon the rights, property or achievements of self or others or significantly breaches the peace and/or causes social disorder; and/or
- Any situation that is detrimental to the educational mission and/or interests of the University;

The University's Title IX Coordinator has primary responsibility for coordinating the University's efforts to comply with and carry out its responsibilities under Title IX, which prohibits sex discrimination in all the operations of this University, as well as retaliation for the purpose of interfering with any right or privilege secured by Title IX. *Sexual Misconduct* against individuals, including *Sexual Harassment*, *Sexual Assault*,

rape, and *Sexual Exploitation*, can be a form of sex discrimination under Title IX. Conduct involving *Sexual Misconduct* of any form is governed by the University's [Policy on Prohibited Sexual Conduct](#). The [Procedures for Reporting and Responding to Violations of the Policy on Prohibited Sexual Conduct Involving a Student as a Respondent](#) set forth procedures for reporting, Investigation, and responding to reports of violations of the *Policy on Prohibited Sexual Conduct* when a University student (the Respondent) is accused of a violation of the Policy.

The *Code of Student Conduct* may be applied to behavior conducted online, via email or other electronic medium. Students should also be aware that online postings such as blogs, web postings, chats and social networking sites are in the public sphere and are not private. These postings can subject a student to allegations of conduct violations if evidence of policy violations is posted online. The University does not regularly search for this information but may take action if and when such information is brought to the attention of University officials. However, most online speech by students not involving University networks or technology will be protected as free expression and not subject to this Code, with two notable exceptions:

- A true threat, defined as “a threat a reasonable person would interpret as a serious expression of intent to inflict bodily harm upon specific individuals”;
- Speech posted online about the University of Louisiana at Lafayette or its community members that causes a significant on-campus disruption.

The *Code of Student Conduct* applies to guests of community members whose hosts may be held accountable for the misconduct of their guests. The Code may also be applied to resident non-students, campers and high school bridge/extension/partner/dual-credit and continuing education programs by contractual agreements. Visitors to and guests of University may seek resolution of violations of the *Code of Student Conduct* committed against them by members of the University community.

D. Reporting Violations

There is no time limit on reporting violations of the *Code of Student Conduct*; however, the longer someone waits to report an offense, the harder it becomes for University officials to obtain information and witness statements and to make determinations regarding alleged violations.

Though anonymous complaints are permitted, doing so may limit the University's ability to investigate and respond to a complaint. Those who are aware of misconduct are encouraged to report it as quickly as possible to the Office of Student Rights and or to University Police.

E. Official University Conduct-Related Correspondence

University email is the University of Louisiana at Lafayette's primary means of communication with students. **Students are responsible for all communication delivered to their University email address.**

SECTION 3: VIOLATIONS OF THE LAW

Alleged violations of federal, state and local laws may be investigated and addressed under the *Code of Student Conduct*. When an offense occurs over which the University has jurisdiction, the University conduct process will usually go forward notwithstanding any criminal complaint that may arise from the same incident.

The University reserves the right to exercise its authority of interim suspension upon notification that a student is facing criminal investigation and/or complaint (additional grounds for interim suspension are outlined below, on p. 20). Interim suspensions are imposed until a hearing can be held, typically within two weeks. This hearing may resolve the allegation, or may be held to determine if the interim suspension should be continued. The interim suspension may be continued if a danger to the community is posed and the University may be delayed or prevented from conducting its own investigation and resolving the allegation by the pendency of the criminal process. In such cases, the University will only delay its hearing until such time as it can conduct an internal investigation or obtain sufficient information independently or from law enforcement upon which to proceed. This delay will be no longer than two weeks from notice of the incident unless a longer delay is requested in writing by the complaining victim to allow the criminal investigation to proceed before the University process.

Students accused of crimes may request to resign from the University until the criminal charges are resolved. In such situations, the University procedure for voluntary resignation is subject to the following conditions:

- The responding student must comply with all campus investigative efforts that will not prejudice their defense in the criminal trial; and
- The responding student must comply with all interim actions and/or restrictions imposed during the resignation; and
- The responding student must agree that, in order to be reinstated to active student status, they must first be subject to, and fully cooperate with, the campus conduct process and must comply with all sanctions that are imposed.

The Dean of Students and Director of Student Rights and Responsibilities may appoint administrative hearing and appeals officers as deemed necessary to efficiently and effectively supervise the student conduct process.

B. Gatekeeping

No complaint will be forwarded for a hearing unless there is reasonable cause to believe a policy has been violated. Reasonable cause is defined as some credible information to support each element of the offense, even if that information is merely a credible witness or a victim's statement. A complaint wholly unsupported by any credible information will not be forwarded for a hearing.

C. Conflict Resolution Options

The Director of Student Rights and Responsibilities has discretion to refer a complaint for mediation or other forms of appropriate conflict resolution. All parties must agree to conflict resolution and to be bound by the decision with no review/appeal. Any unsuccessful conflict resolution can be forwarded for formal processing and hearing; however, at no time will complaints of violence be mediated as the sole institutional response. The Director of Student Rights and Responsibilities may also suggest that complaints that do not involve a violation of the *Code of Student Conduct* be referred for mediation or other appropriate conflict resolution.

D. Composition of the Student Discipline Committee

Under the direction of the President, the Vice President for Student Affairs (or designee) is primarily responsible for administration of student discipline.

The Director of Student Rights and Responsibilities will be responsible for assembling the Student Discipline Committee according to the following guidelines:

- 1.) The membership of the committee is selected from a pool of at least 6 students, 6 faculty, and 6 staff/administrative members appointed and trained annually under the direction of the Dean of Students Office. Four (4) faculty members appointed by the president; two (2) students appointed by the president; four (4) administration members appointed by the Vice- President for Student Affairs; two (2) administration member appointed by the Dean of Students, one (1) student appointed by the Dean of Students; and two (2) faculty members and three (3) students recommended by the president of the Student Government Association to the president of the university within the constitutional limits of that body.
- 2.) The Chair is appointed by the President and shall instruct the committee on student disciplinary policies, rules and hearing procedures. The Chair will conduct the proceedings in a spirit of fair play and assures that University procedures are followed throughout the hearing. Any of the Chair's decisions may be overruled by a simple majority vote of the committee.
- 3.) All faculty members shall serve for staggered terms; student members are to serve from the first day of appointment until the end of their tenure as a student or until they resign from the committee or fail to maintain a minimum of six (6) credit hours per regular semester. Student members shall be enrolled for a minimum of six (6) credit hours of course work.
- 4.) The committee will elect a Vice-Chair.
- 5.) Members required to conduct a hearing will consist of a Chair and any three (3) members, one of which must be a student.
- 6.) If a member cannot serve, the member shall notify the Chair of the committee and immediately resign; the committee may remove a member by a simple majority vote of the membership for malfeasance of committee responsibilities. In either of the above cases a replacement will be named by the appropriate person for the remainder of the term.

The Chair of the Student Discipline Committee will have final authority to approve all those serving on the committee.

The Director of Student Rights and Responsibilities or designee serves as the non-voting advisor to the committee, with responsibility for training the committee, conducting preliminary investigations, and ensuring a fair process for the complainant and responding student.

E. Administrative Hearing Officers

Administrative Hearing Officers (AHO) are chosen from the annually trained administrators or staff members within the Office of Student Rights and Responsibilities and selected by the Director of Student Rights and Responsibilities.

F. Interpretation and Revision

The Director of Student Rights and Responsibilities will develop procedural rules for the administration of appeal hearings that are consistent with provisions of the *Code of Student Conduct*. Material deviation from these rules will, generally, only be made as necessary and will include reasonable advance notice to the parties involved, either by posting online and/or in the form of written communication. The Director of Student Rights and Responsibilities may vary procedures with notice upon determining that changes to law or regulation require policy or procedural alterations not reflected in this *Code*. The Director of Student Rights and Responsibilities may make minor modifications to procedure that do not materially jeopardize the fairness owed to any party. Any question of interpretation of the *Code of Student Conduct* will be referred to the Dean of Students, whose interpretation is final. The *Code of Student Conduct* will be updated annually under the direction of the Dean of Students with a comprehensive revision process being conducted every 3-5 years.

SECTION 6: FORMAL CONDUCT OVERVIEW AND PROCEDURES

This overview gives a general idea of how the University of Louisiana at Lafayette conduct proceedings work, but it should be noted that not all situations are of the same severity or complexity. Thus, these procedures are flexible, and are not exactly the same in every situation, though consistency in similar situations is a priority. The campus conduct process and all applicable timelines commence with notice to an administrator of a potential violation of *Code of Student Conduct*.

Once notice is received from any source (victim, RA, 3rd party, online, etc.), the Office of Student Rights and Responsibilities may conduct an initial review of the allegations and make a notification of charges to the student and schedule an initial Administrative Conference with the responding student to explain the conduct process to the responding student and gather information.

A. University as Convener

The University is the convener of every action under this *Code*. Within that action, there are several roles. The responding student is the person who is alleged to have violated the Code. The party bringing the complaint, who may be a student, employee, visitor, or guest, may choose to be present and participate in the process as fully as the responding student. There are witnesses, who may offer information

regarding the allegation. There is an investigator(s) whose role is to present the allegations and share the evidence that the University has obtained regarding the allegations.

B. Group Violations

A student group or organization and its officers and membership may be held collectively and individually responsible when violations of this *Code* by the organization or its member(s):

- Take place at organization-sponsored or co-sponsored events, whether sponsorship is formal or tacit;
- Have received the consent or encouragement of the organization or of the organization's leaders or officers; or
- Were known or should have been known to the membership or its officers.

Hearings for student groups or organizations follow the same general student conduct procedures. In any such action, individual determinations as to responsibility will be made and sanctions may be assigned collectively and individually and will be proportionate to the involvement of each individual and the organization.

C. Amnesty

Amnesty means that current students can avoid informal and formal University disciplinary action and the creation of a formal disciplinary record under the circumstances described below.

- 1) For Victims:** The University provides amnesty to victims who may be hesitant to report to University officials because they fear that they themselves may be accused of minor policy violations, such as underage drinking, at the time of the incident. Educational options will be explored, but no conduct proceedings or conduct record will result².
- 2) For Those Who Offer Assistance:** To encourage students to offer help and assistance to others, the University pursues a policy of amnesty for minor violations when students offer help to others in need. At the discretion of the Director of Student Rights and Responsibilities, amnesty may also be extended on a case-by-case basis to the person receiving assistance. Educational options will be explored, but no conduct proceedings or conduct record will result.
- 3) For Those Who Report Serious Violations:** Students who are engaged in minor violations but who choose to bring related serious violations by others to the attention of the University are offered amnesty for their minor

² Records regarding the provision of amnesty, however, should be maintained.

violations. Educational options will be explored, but no conduct proceedings or record will result.

Abuse of amnesty requests can result in a decision by the Director of Student Rights and Responsibilities not to extend amnesty to the same person repeatedly.

- 4) **Safe Harbor:** The University has a Safe Harbor rule for students. The University believes that students who have a drug and/or addiction problem deserve help. If any University student brings their own use, addiction, or dependency to the attention of University officials outside the threat of drug tests or conduct sanctions and seeks assistance, a conduct complaint will not be pursued. A written action plan may be used to track cooperation with the Counseling and Testing program by the student. Failure to follow the action plan will nullify the Counseling and Testing protection and campus conduct processes will be initiated.

D. Notice of Alleged Violation

Any member of the University community, visitor or guest may allege a policy violation(s) by any student for misconduct under this *Code* by submitting the complaint, in writing, to the Office of Student Rights and Responsibilities, Dean of Students, and/or University Police.

Additionally, administrators may act on notice of a potential violation whether a formal allegation is made or not. All allegations can be submitted by a victim or a third party, and should be submitted as soon as possible after the offending event occurs. The University has the right to pursue an allegation or notice of misconduct on its own behalf and to serve as convener of the subsequent campus conduct process.

The Director of Student Rights and Responsibilities (or designee) will assume responsibility for the investigation of the alleged violation as described in the subsection below.

E. Charge Letter / Notice of Administrative Hearing

Once a determination is made that reasonable cause exists for the Director of Student Rights and Responsibilities (or designee) to refer a complaint for an Administrative Hearing, notice will be given to the responding student. Notice will be in writing and may be delivered by one or more of the following methods: in person by the Director of Student Rights and Responsibilities (or designee); mailed to the local or permanent address of the student as indicated in official University records; or emailed to the student's University-issued email account. Once mailed, emailed and/or received in-person, such notice will be presumptively delivered. The letter of notice will:

- 1) Include the alleged violation and notification of where to locate the Code of Student Conduct and University procedures for resolution of the complaint; and
- 2) Direct the responding student to contact the Director of Student Rights and Responsibilities (or designee) within a specified period of time to respond to the complaint. This time period will generally be no less than two days from the date of delivery of the summons letter.

F. Step 1: Administrative Hearing

An Administrative Hearing with the Director of Student Rights and Responsibilities (or designee) may be arranged to explain the nature of the complaint and the conduct process. At this meeting, the responding student may indicate, either verbally or in writing, to the Director of Student Rights and Responsibilities (or designee), whether they admit to or deny the allegations of the complaint.

When an initial Administrative Hearing is held, the possible outcomes include:

- A decision not to pursue the allegation based on a lack of or insufficient evidence. The matter should be closed and records should so indicate;
- A decision on the allegation, also known as an “administrative” resolution to an uncontested allegation (see immediately below);
- A decision to proceed with an appeal of the administrative sanctions for a “formal” resolution.

If a decision on the allegation is made and the finding is that the responding student is not responsible for violating the Code, the process will end. **[The party bringing the complaint may request that the Director of Student Rights and Responsibilities reopen the investigation and/or grant a hearing. This decision shall be in the sole discretion of the Director of Student Rights and Responsibilities and will only be granted for extraordinary cause].**

If the University’s finding is that the responding student is in violation, and the responding student accepts this finding the University considers this an “uncontested allegation.” The administrator conducting the initial Administrative Hearing will then determine the sanction(s) for the misconduct, which the responding student may accept or reject. If accepted, the process ends.

If the administrator conducting the administrative hearing determines that it is more likely than not that the responding student is in violation, and the responding student

rejects that finding in whole or in part, then it is considered a contested allegation and the process moves to Step 2.

G. STEP 2: Discipline Committee Hearing

In a contested allegation, an additional investigation may then be commenced and/or a hearing may be held when there is reasonable cause to believe that a rule or rules have been violated. A formal notice of the complaint will be issued, and a hearing will be held before the Student Discipline Committee. A finding will be determined and appropriate sanctions imposed. If the finding is that the responding student is not responsible, the process ends.

H. STEP 3: Review and Finalize Sanction(s).

If the student is found in violation(s), sanctions will be determined by the Student Discipline Committee.

I. Interim Action

Under the *Code of Student Conduct*, the Dean of Students or designee may impose restrictions and/or separate a student from the community pending the scheduling of a campus hearing on alleged violation(s) of the *Code of Student Conduct* when a student represents a threat of serious harm to others, is facing allegations of serious criminal activity, to preserve the integrity of an investigation, to preserve University property and/or to prevent disruption of, or interference with, the normal operations of the University. Interim actions can include separation from the institution or restrictions on participation in the community for no more than ten (10) business days pending the scheduling of a campus hearing on alleged violation(s) of the *Code of Student Conduct*. A student who receives an interim suspension may request a meeting with the Dean of Students or designee to demonstrate why an interim suspension is not merited. Regardless of the outcome of this meeting, the University may still proceed with the scheduling of disciplinary procedures or a campus hearing.

During an interim suspension, a student may be denied access to University housing and/or the University campus/facilities/events. As determined appropriate by the Director of Student Rights and Responsibilities, this restriction may include classes and/or all other University activities or privileges for which the student might otherwise be eligible. At the discretion of the Director of Student Rights and Responsibilities and with the approval of, and in collaboration with, the appropriate Dean(s), alternative coursework options may be pursued to ensure as minimal an impact as possible on the responding student.

J. Investigation

The Director of Student Rights and Responsibilities will appoint an investigator(s) for allegations under this *Code*.³ The investigator(s) will take the following steps, if not already completed by the Director or designee:

- Prepare the notice of alleged policy violation(s) on the basis of the reasonable cause determination, which may be delivered prior to, during, or after the responding student is interviewed, at the discretion of the investigator;
- Interview all relevant witnesses, summarize the information they are able to share and have each witness sign the summary to verify its accuracy;
- Obtain all documentary evidence and information that is available;
- Obtain all physical evidence that is available;
- Complete the investigation promptly by analyzing all available evidence without unreasonable deviation from the intended timeline;
- Make a finding, based on a preponderance of the evidence (whether a policy violation is more likely than not);
- Present the investigation report and findings to the responding student, who may:
 - a. accept the findings,
 - b. or may reject all findings;

K. Findings

The following options (1-3) describe how to proceed depending on whether the responding student is found responsible based on the preponderance of evidence and whether the Responding Student accepts or rejects the findings and/or the sanctions either in whole or in part.

1) The Responding Student is Found “Not Responsible”

Where the responding student is found not responsible for the alleged violation(s), the investigation will be closed. The party bringing the complaint, if any, may request that the Director of Student Rights and Responsibilities review the investigation file to possibly re-open the investigation or convene a hearing. The decision to re-open an investigation or convene a hearing rests solely in the discretion of the Director of Student Rights and Responsibilities in these cases, and is granted only on the basis of extraordinary cause.

³ For any complaint that falls under the University’s *Policy on Prohibited Sexual Conduct*, the Director of Student Conduct will work under the direction of the Title IX Coordinator.

2) The Responding Student Accepts a Finding of “Responsible”

Should the responding student accept the finding that they violated University policy, the Investigator will recommend appropriate sanctions for the violation. In cases involving discrimination, recommended sanctions will act to end the discrimination, prevent its recurrence, and remedy its effects on the victim and the University community. If the responding student accepts these recommended sanctions, the sanctions are implemented by the Director of Student Rights and Responsibilities and the process ends. **[There will be a three-day period for review between the date of acceptance and when the resolution becomes final. Should the responding student decide to reject the sanctions within that time period, Option 2B, below, will apply].** This outcome is not subject to appeal.

3) Responding Student Rejects the Findings Completely, In-part, or the University Seeks Expulsion

a) Responding Student Rejects the Findings Completely

Where the responding student rejects the finding that they violated University policy, a Student Discipline Committee hearing will be convened within seven (7) school days, barring pressing circumstances.

At the hearing, the investigator(s) will present their report to the panel, the panel will hear from the parties, and any necessary witnesses. The investigation report will be considered by the panel, which renders an independent and objective finding. Full panel procedures are detailed below.

If the panel finds the responding student not responsible for all violations, the Chair of the Committee will timely inform the parties of this determination and the rationale for the decision in writing. This determination is subject to appeal by any party to the complaint. Appeal review procedures are outlined below.

If the panel finds a violation, it will recommend a sanction/responsive action to the Director of Student Rights and Responsibilities, who will render a decision within three (3) days of the hearing and timely notify the parties in writing. An appeal of sanction(s) may be filed by any party to the complaint as detailed below.

b) Responding Student Accepts the Findings in Part and Rejects in Part

Where the responding student rejects in part the finding that they violated University policy, there will be a Student Discipline Committee hearing solely on the disputed allegations within seven (7) days, barring exigent circumstances. For all findings holding a responding student responsible for a violation, the University will follow the sanctioning process detailed in sub-sections Q(8) and Q(9), below. If the Panel finds the responding student “Not Responsible” on any of the contested allegations, the process will move to the Sanctioning Phase on only the uncontested allegations, as detailed in sub-sections Q(8) and Q(9), below.

c) The University Seeks Expulsion

Once a determination is made that the evidence in the violation supports, and the University desires expulsion, the Director of Student Rights and Responsibilities (or designee) will refer the case for a Student Discipline Committee hearing and notice will be given to the responding student. Hearings to seek expulsion will be held within seven (7) days of notification to student, barring exigent circumstances. Notice will be in writing and may be delivered by one or more of the following methods: in person by the Director of Student Rights and Responsibilities (or designee); mailed to the local or permanent address of the student as indicated in official University records; or emailed to the student’s University-issued email account. Once mailed, emailed and/or received in-person, such notice will be presumptively delivered. Any decision made in support of expulsion shall proceed as detailed in section R(23) below.

L. Appeal Review Procedures

Any party may request an appeal of the decision of the Administrative Hearing by filing a written request to the Chair of the Student Discipline Committee, subject to the procedures outlined below. All sanctions imposed by the original hearing body remain in effect, and all parties should be timely informed of the status of requests for appeal, the status of the appeal consideration, and the results of the appeal decision.

Appeals requests are limited to the following grounds:

- 1) A procedural [or substantive error] occurred that significantly impacted the outcome of the hearing (e.g. substantiated bias, material deviation from established procedures, etc.);
- 2) To consider new evidence, unavailable during the original hearing or investigation, that could substantially impact the original finding or

sanction. A summary of this new evidence and its potential impact must be included;

- 3) The sanctions imposed are substantially disproportionate to the severity of the violation [preferred: “the sanctions imposed are substantially outside the parameters or guidelines set by the College/University for this type of offense or the cumulative conduct record of the responding student].

Appeals must be filed in writing with the Student Discipline Committee Chair within seven (7) school days of the notice of the outcome to the Administrative Hearing, barring exigent circumstances. Any exceptions are made at the discretion of the Director of Student Rights and Responsibilities and, when appropriate, the Title IX Coordinator.

The Chair of the Student Discipline Committee will share the appeal by one party with the other party (parties) when appropriate under procedure or law (e.g., if the responding student appeals, the appeal is shared with the complainant, who may also wish to file a response, request an appeal on the same grounds or different grounds). The responding student will refer the request(s) to the University’s designated Student Discipline Committee Chair, appointed by the President. All request-related documents are shared with all parties prior to submission to the Chair of the Student Discipline Committee, who serves a one-year term.

The Chair of the Student Discipline Committee will conduct an initial review to determine if the appeal request meets the limited grounds and is timely. They may consult with the Director of Student Rights and Responsibilities and/or Title IX Coordinator on any procedural or substantive questions that arise.

If the appeal is not timely or substantively eligible, the original finding and sanction will stand and the decision is final. If the appeal has standing, the Chair of the Student Discipline Committee determines whether to refer the appeal to the Student Disciplinary Committee or to remand it to the original decision-maker(s), typically within 3-5 business days. Efforts should be made to use remand whenever possible, with clear instructions for reconsideration only in light of the granted appeal grounds. Where the original decision-maker may be unduly biased by a procedural or substantive error, a new panel will be constituted to reconsider the matter, which can in turn be appealed, once. Full rehearing by the Student Discipline Committee is not permitted [are very rarely used]. Where new evidence is presented or the sanction is challenged, the Student Discipline Committee Chair will determine if the matter should be returned to the original decision-maker for reconsideration or if it should be reviewed by the Student Discipline Committee with instruction on the parameters regarding institutional consistency and any applicable legal guidelines. In review, the original finding and sanction are presumed to have been decided reasonably and appropriately, thus the burden is on the appealing party(ies) to show clear error. The Student Discipline Committee must limit its review to the challenges presented.

On reconsideration, the Student Discipline Committee or original decision-maker may affirm or change the findings and/or sanctions of the original hearing body according to the permissible grounds. Procedural or substantive errors should be corrected, new evidence should be considered, and sanctions should be proportionate to the severity of the violation and the student's cumulative conduct record.

All decisions of the Student Discipline Committee are to be made within five (5) days of submission and are final, as are any decisions made by the original hearing body, Director of Student Rights and Responsibilities as the result of reconsideration consistent with instructions from the Chair of the Student Discipline Committee.

M. Student Discipline Committee Hearing

The Student Discipline Committee is the panel responsible for hearing all student disciplinary appeals. Involved parties may challenge a panelist(s) on the basis of potential bias, and any panelist who cannot render an impartial decision must recuse themselves. The Student Discipline Committee Chair will make the determination as to the validity of any challenge or need for recusal. In the event of a recusal from the panel, the Student Discipline Committee Chair will solicit a replacement from the pool of panelists.

The presumptive stance of the University is that all decisions made and sanctions imposed by the original decision-maker are to be implemented during the appellate process. At the discretion of the Director of Student Rights and Responsibilities, implementation of sanctions may be stayed pending review only in extremely exigent circumstances. This does not include proximity to graduation, end of term, or exams. Instead, it refers to an overwhelming likelihood, as determined by the Student Discipline Committee Chair and Director of Student Rights and Responsibilities, in consultation, that the appeal would result in a reversal of the finding and/or substantial modification of the sanctions.

N. Other Guidelines for Appeals

All parties will be timely informed of the status of requests for appeal, the status of the appeal consideration, and the results of the appeal decision. Appeals are not an opportunity for appeals panelists to substitute their judgment for that of the original decision-maker merely because they disagree with the finding and/or sanctions. Appeals decisions are to be deferential to the original decision-maker, making changes to the finding only where there is clear error and to the sanction only if there is a compelling justification to do so.

O. Notice of Student Discipline Committee Hearing

Once sufficient cause for an appeal is determined by the Discipline Committee Chair to refer a complaint for a hearing, notice will be given to the responding student and Director of Student Rights and Responsibilities. Notice will be in writing and may be

delivered by one or more of the following methods: in person by the Director of Student Rights and Responsibilities (or designee); mailed to the local or permanent address of the student as indicated in official University records; or emailed to the student's University-issued email account. Once mailed, emailed and/or received in-person, such notice will be presumptively delivered. The letter of notice will:

- 1) Include the alleged violation and notification of where to locate the *Code of Student Conduct* and University procedures for resolution of the complaint and
- 2) Direct the responding student to contact the Director of Student Rights and Responsibilities (or designee) within a specified period of time to respond to the complaint. This time period will generally be no less than two (2) days from the date of delivery of the summons letter.

A meeting with the Director of Student Rights and Responsibilities (or designee) may be arranged to explain the nature of the complaint and the conduct process. At this meeting, the responding student may indicate, either verbally or in writing, to the Director of Student Rights and Responsibilities (or designee), whether they admit to or deny the allegations of the complaint.

P. Discipline Committee Hearing Preparation

The following sub-sections describe the University's conduct hearing processes. Except in a complaint involving failure to comply with the summons of the Director of Student Rights and Responsibilities (or designee), no student may be found to have violated the *Code of Student Conduct* solely as a result of the student's failure to appear for a hearing. In all such instances, conduct hearings will proceed as scheduled and the information in support of the complaint will be presented to, and considered by the Student Discipline Committee or Director of Student Rights and Responsibilities.

Where the responding student denies violating the *Code of Student Conduct*, the Director of Student Rights and Responsibilities (or designee) will make a determination and issue discipline based on the preponderance of evidence. If a subsequent formal hearing will be conducted, due to student appeal, this process is known as a committee hearing. Students who deny a violation for which a committee hearing will be held will be given a minimum of seven (7) days to prepare. Preparation for a formal hearing is summarized in the following guidelines:

- 1) Notice of the time, date and location of the hearing will be in writing and may be delivered by one or more of the following methods: in person by the Director of Student Rights and Responsibilities (or designee); mailed to the local or permanent address of the student as indicated in official University records; or emailed to the student's University-issued email

account. Once mailed, emailed and/or received in-person, such notice will be presumptively delivered.

- 2) If there is an alleged victim of the conduct in question, the alleged victim may serve as the party bringing the complaint or may elect to have the University administration serve as the party bringing the complaint forward. Where there is no alleged victim, the University administration will serve as the party bringing the complaint forward.
- 3) If a responding student fails to respond to notice from the Director of Student Rights and Responsibilities (or designee), the Director (or designee) may initiate a complaint against the student for failure to comply with the directives of a University official and give notice of this offense. Unless the student responds to this notice within two (2) days by answering the original notice, an administrative conference may be scheduled and held on the student's behalf. As a result, the student may be administratively withdrawn from attending classes or a disciplinary hold may be placed on their University account, deeming them ineligible to register for courses or University housing until such time as the student responds to the initial complaint.
- 4) At least three (3) days before any scheduled formal hearing, the following will occur:
 - a) The responding student will deliver to the Director of Student Rights and Responsibilities (or designee) a written response to the complaint;
 - b) The responding student will deliver to the Director of Student Rights and Responsibilities (or designee) a written list of all witnesses for the University to call at the hearing;
 - c) The responding student will deliver to the Director of Student Rights and Responsibilities (or designee) all physical evidence the student intends to use or needs to have present at the hearing and will indicate who has possession or custody of such evidence, if known, so that the Director of Student Rights and Responsibilities can arrange for its presence;
 - d) The party bringing the complaint will deliver to the Director of Student Rights and Responsibilities (or designee) a written list of all witnesses for the University to call at the hearing;
 - e) The party bringing the complaint will deliver to the Director of Student Rights and Responsibilities (or designee) all items of physical evidence needed at the hearing and will indicate who has

possession or custody of such evidence, if known, so that the Director of Student Rights and Responsibilities can arrange for its presence;

- f) The party bringing the complaint and the responding student will notify the Director of Student Rights and Responsibilities (or designee) of the names of any advisors/advocates who may be accompanying the parties at the hearing.
- 5) The Director of Student Rights and Responsibilities (or designee) will ensure that the hearing information and any other available written documentation is shared with the parties at least two (2) days before any scheduled hearing. In addition, the parties will be given a list of the names of all the panelists in advance. In the event any party objects to any panelist, that party must raise all objections, in writing, to the Director of Student Rights and Responsibilities immediately. Hearing officers will only be unseated if the Director of Student Rights and Responsibilities concludes that their bias precludes an impartial hearing of the complaint. Additionally, any panelist who feels they cannot make an objective determination must recuse themselves from the proceedings.

Q. Student Discipline Committee Hearing Procedures

The Chair of the Student Discipline Committee will serve as the Chair for the hearing. The parties have the right to be present at the hearing; however, they do not have the right to be present during deliberations. If a student cannot attend the hearing, it is that student's responsibility to notify the Director of Student Rights and Responsibilities no less than three (3) days prior to the scheduled hearing to arrange for another date, time and location. Except in cases of grave or unforeseen circumstances, if the responding student fails to give the requisite minimum three (3) day notice, or if the responding student fails to appear, the hearing will proceed as scheduled. If the party bringing the complaint fails to appear, the complaint may be dropped unless the University chooses to pursue the allegation on its own behalf, as determined by the Director of Student Rights and Responsibilities.

The Director of Student Rights and Responsibilities (or designee), the Chair and the Panel will conduct panel hearings according to the following guidelines:

- 1) Hearings will be closed to the public.
- 2) Admission to the hearing of persons other than the parties involved will be at the discretion of the committee chair and the Director of Student Rights and Responsibilities.
- 3) In hearings involving more than one responding student, the standard procedure will be to hear the complaints jointly; however, the Director of

Student Rights and Responsibilities may permit the hearing pertinent to each responding student to be conducted separately. In joint hearings, separate determinations of responsibility will be made for each responding student.

- 4) The parties have the right to an advisor/advocate of their own choosing, including attorneys. Typically advisors are members of the campus community, but the parties may select whomever they wish to serve as their advisor. The advisor may not make a presentation or represent the party bringing the complaint or responding student during the hearing. They may confer quietly with their advisee, exchange notes, clarify procedural questions with the chair and suggest questions to their advisee.
- 5) The party bringing the complaint, the responding student, the committee, and the Director of Student Rights and Responsibilities (or designee) will have the privilege of questioning all present witnesses and questioning all present parties (directly or through the Chair, at the discretion of the Chair). Unduly repetitive witnesses can be limited at the discretion of the Committee Chair and/or the Director of Student Rights and Responsibilities, or designee.
- 6) Pertinent records, exhibits, and written statements may be accepted as information for consideration by the committee and the Director of Student Rights and Responsibilities. Formal rules of evidence are not observed. The Committee Chair and/or the Director of Student Rights and Responsibilities, or designee may limit the number of character witnesses presented or may accept written affidavits of character instead.
- 7) All procedural questions are subject to the final decision of the Chair of the Student Discipline Committee.
- 8) After a committee hearing, the committee will deliberate and determine, by majority vote, whether it is more likely than not that the responding student has violated the *Code of Student Conduct*. The Director of Student Rights and Responsibilities (or designee) will be present and available as a resource during all deliberations. Once a finding is determined, if the finding is that of a policy violation, the committee will determine an appropriate sanction(s). The Director of Student Rights and Responsibilities (or designee) is responsible for informing the committee of applicable precedent and any previous conduct violations or other relevant pattern information about the responding student. The committee Chairperson will prepare a written deliberation report and deliver it to the Director of Student Rights and Responsibilities, detailing the recommended finding, how each member voted, the information cited by the committee in support of its recommendation, and any information the

committee excluded from its consideration and why. This report should conclude with any recommended sanctions. This report should not exceed two pages in length and must be submitted to the Director of Student Rights and Responsibilities within two (2) days of the end of deliberations.

- 9) The Director of Student Rights and Responsibilities will consider the recommendations of the committee, may make appropriate modifications to the committee's report and will then render a decision and inform the responding student and party bringing the complaint (if applicable by law or University policy) of the final determination within three (3) days of the hearing. Notification will be made in writing and may be delivered by one or more of the following methods: in person by the Director of Student Rights and Responsibilities (or designee); mailed to the local or permanent address of the student as indicated in official University records; or emailed to the student's University-issued email account. Once mailed, emailed and/or received in-person, such notice will be presumptively delivered.

There will be a single verbatim record, such as an audio recording, for all committee hearings. Deliberations will not be recorded. The record will be the property of the University and maintained according to the University's record retention policy.

R. Conduct Sanctions

One or more of following sanctions may be imposed upon any student for any single violation of the *Code of Student Conduct*:

T. Notification of Outcomes

The outcome of a campus hearing is part of the education record of the responding student and is protected from release under the Federal Education Rights and Privacy Act (FERPA), except under certain conditions. As allowed by FERPA, when a student is accused of a policy violation that would constitute a “crime of violence”, the University will inform the alleged victim/party bringing the complaint in writing of the final results of a hearing regardless of whether the University concludes that a violation was committed. Such release of information may only include the alleged student’s/responding student’s name, the violation committed, and the sanctions assigned (if applicable).

In cases where the University determines through the student conduct process that a student violated a policy that would constitute a “crime of violence” or non-forcible sex offense, the University may also release the above information publicly and/or to any third party. FERPA defines “crimes of violence” to include:

- 1) Arson
- 2) Assault offenses (includes stalking)
- 3) Burglary
- 4) Criminal Homicide—manslaughter by negligence
- 5) Criminal Homicide—murder and non-negligent manslaughter

U. Failure to Complete Conduct Sanctions

All students, as members of the University community, are expected to comply with conduct sanctions within the timeframe specified by the Director of Student Rights and Responsibilities or Administrative Hearing Officer. Failure to follow through on conduct sanctions by the date specified, whether by refusal, neglect or any other reason, may result in additional sanctions and/or suspension from the University.

In such situations, resident students will be required to vacate University housing within 24 hours of notification by the Director of Student Rights and Responsibilities or, though this deadline may be extended upon application to, and at the discretion of, the Director of Residential Life and/or the Director of Student Rights and Responsibilities. A suspension will only be lifted when compliance with conduct

sanctions is satisfactorily achieved. This determination will be made by the Director of Student Rights and Responsibilities.

V. Disciplinary Records

All Student Rights and Responsibilities records are maintained by the University for seven (7) years from the time of their creation except those that result in separation (suspension or expulsion, including from housing) which are maintained indefinitely.
